Dear Mr. Proby:

My class and I had an amazing time at the Emergency Operation Center. I would like to thank you for letting us be the first elementary class to ever have gone to the EOC. We still cannot believe that we actually sat in the seats where the brave workers sat in and did their important duties.

You were marvelous helping us with the situation when we needed help. You explained to us the system and how everything works. It was great when you were introducing us to important people with big jobs. It really made me wonder

about which careers we were excellent doing. It was nice when you told us how to prepare for a hurricane. We really appreciate that talk so we can be safer. I'm glad you helped us work together so we can communicate with others. This was the best experience I have ever have. I am very thankful. I hope you're doing well!

Sincerely,
Isabella Ortiz
